

★ ELECT GENERAL WELCH! ★

Bill Welch

for AUSTIN CITY COUNCIL

A Return to Reason.

"Austin is not only the place I call home. It is where I started my successful businesses, spent the majority of my military career, and, most importantly, raised my family. It has always been a special place to me and I am sure, like me, you want to keep Austin a place you're proud to call home.

To do that, we must restore reason and find common sense solutions to the many problems that currently plague our city. Austin deserves better leaders who will focus on the needs and desires of our constituent citizens and taxpayers instead of forcing ineffective, idealistic, and damaging agendas upon us.

I'm a pragmatic problem solver with realistic solutions for real problems and committed to the restoration, preservation, and enhancement of Austin's famous quality of life. That's why I'm running for city council—to ensure that Austin will always be a great place to live, work, and raise a family."
