

Bill Welch for City Council

(March 1, 2022)

Campaign announcement from General Welch:

I'm running for Austin City Council because I'm frustrated and concerned by the ineffective and harmful policies enacted by our current city leadership. We deserve better leaders who will focus on the needs and desires of our constituent citizens and taxpayers instead of forcing ineffective, idealistic, and damaging agendas upon us.

I offer a lifetime of experience as a senior military leader, business executive, and entrepreneur. I'm a pragmatic problem solver with realistic solutions for real problems. I served previously in elected office as Vice President and member of the board of the Barton Springs Edward Aquifer Conservation District. I'm a retired veteran who served with the USAF for 38 years beginning my career at the lowest enlisted rank and ending with retirement as a general officer. I have served as CEO of several Austin based companies, and I'm the founder of eight successful business enterprises.

I have the time, experience, and desire to serve on our city council and pledge to do all I can to provide YOU with a safer community, better transportation options, more and better roads, cleaner and more plentiful water and electricity, more affordable options for housing and business startups. And I'm committed to the restoration, preservation, and enhancement of Austin's famous quality of life.

You'll be hearing more from me on these and other important issues as this campaign progresses. In addition to personal engagements throughout the district, I will post a series of video vignettes on my campaign Facebook and Instagram (GeneralWelchforATX), and Twitter (@GenWelchforATX).

Thank you.

Bill Welch
